## Year 6 Term 2 Selective Trial Test Course (22 April – 2 May)

In term 2, extra selective trial test session (Test 48) will be available for Year 6 to practice in the lead-up to the official selective school placement test on 4th May. Please find these extra STTC sessions below and fee schedule on the next page.

### Year 6 Term 2 Selective Trial Test Course – Timetable

| Session  | Class Time      | Test dates (subjects)             |
|----------|-----------------|-----------------------------------|
| Saturday | 1:15pm – 4:15pm | 22 April (MR/TS) & 29 April (R/W) |
| Tuesday  | 4:10pm – 7:10pm | 26 April (MR/TS)* & 2 May (R/W)   |

MR/TS: mathematical reasoning & thinking skills tests R/W: reading & writing tests

26 Apr: Due to Anzac Day (25th April), the first Tuesday trial test class will be held on **Wednesday 26th April**

## New 6+ Course from 9th May

The 6+ Course is designed to offer support and guidance to students as they transition from primary school to high school. This course is specifically created to help students establish a strong foundation that will enable them to cope with the rigors of high school effortlessly. The course is structured to equip students with essential skills and provide a comfortable transition, thereby boosting their confidence and allowing them to take full advantage of their high school experience from day one. The course runs for three terms (term 2, 3 & 4) each year, and upon completion, students will have achieved familiarity with Year 7-level English, Maths, and essential study techniques, ensuring consistent academic growth as they progress from Year 6 to Year 7.

### Term 2 6+ Course – Timetable (9 May – 27 Jun)

| 6+ Session | Class Time      | Starting Date     |
|------------|-----------------|-------------------|
| Tuesday    | 4:00pm – 8:10pm | 9th May (8 weeks) |

More details of the 6+ course and fee schedule are on the next page.

## 6+ Course – Outlines of teaching

### 6+ English

The aim of English classes is to provide students with the skills required to excel in reading, analysing, and writing a wide range of texts. The lessons aim to develop students' abilities to translate their analytical skills into written form, producing well-written essays and in-depth responses across multiple text genres. This will enable students to be confident and proficient in their use of the English language.

#### Key topics to be addressed in term 2:

- Informative texts & factual information
- Understanding different style of texts
- Analysing author's intent and purpose
- Literature technique including tone and characterisation
- Analysing and composing information report and articles
- Improve sophistication in writing
- Developing the skills of public speaking

### 6+ Mathematics

The 6+ Mathematics course is crafted to equip students with a strong foundation in problem-solving through a review of Year 6 curriculum and a preview of Year 7 content. It incorporates a wide range of engaging activities to deepen students' grasp of fundamental mathematical concepts, helping them to become confident and skilled mathematicians.

#### Key topics to be addressed in term 2:

- Angles and Construction
- Properties of 2-D figures
- Number Theory
- Solids
- Directed Numbers and Number Plane
- Further Algebra
- Probability
- Time / Mass
