Year 5 WEMT Course

Our Year 5 WEMT course has been upgraded with comprehensive module content. While this update introduces a more rigorous weekly workload, it is specifically designed to forge a powerful foundation for **selective school success and independent school scholarships**.

- ❖ **Writing:** Learn to structure arguments and organise ideas to craft compelling, high-scoring essays.
- ❖ **Reading Comprehension:** Master techniques to decode challenging texts and navigate complex multiple-choice questions with absolute confidence.
- ❖ **Mathematical Reasoning:** Build a bulletproof understanding of advanced concepts, formulas, and efficient problem-solving strategies.
- ❖ **Thinking Skills:** Sharpen your logic through engaging exercises designed to enhance critical thinking and cognitive agility.

Selective Trial Test Course (STTC)
