Year 2 Term 3 course will commence on **Saturday, 16th July 2022.**

Term 3 courses are structured to accommodate the academic standards expected of students in Term 3 at Pre-Uni New College. By attending our WEMG course, students will reinforce the foundations of their learning and get ahead of their peers.

In addition to having the advantage of getting ahead, students will put focus on improving their general ability and writing skills as well as reading comprehension and maths skills for their future exams – NAPLAN and OC placement tests.

Please check out the new course timetable below.

Year 2 WEMG Course

Year 2 Term 3 WEMG course will require a significant commitment of module work each week in writing, English, maths and general ability due to the nature of the advanced curriculum.

In addition to having the advantage of getting ahead, WEMG course will help students build a solid foundation for the NAPLAN and Opportunity Class Placement Test.

The course will be delivered in both way – ‘Standard WEMG course’ in a normal face-to-face learning and **‘Cyber WEMG’ course using the Cyberschool services only.** Students can choose the course option according to their needs and learning style.

- The **writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills.
- **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions.
- **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems.
- **General Ability** lesson covers a variety of practical, challenging and mind-stimulating questions in verbal and non-verbal reasoning.
