Unlock your academic potential with our targeted Term 3 courses!

At Pre-Uni New College, we are deeply committed to equipping every student with the knowledge, skills, and confidence needed to excel in next year's selective school and independent school scholarship exams. Our Term 3 courses have been carefully designed to give your child the best possible preparation.

Our Term 3 courses take a focused, structured approach to sharpening the crucial skills that are tested across all major exam formats. Through engaging lessons and progressive exercises, students will not only strengthen their academic abilities but also develop the exam strategies and mental resilience needed to perform at their very best under pressure. We believe that consistent, high-quality preparation makes all the difference. Our courses ensure that every student builds a solid and lasting foundation that grows week by week throughout the term. Enrol today and take the first step towards helping your child reach their full potential!!

Year 5 WEMT Course

The Year 5 WEMT (Writing, English, Maths, and Thinking Skills) course offers carefully designed module content tailored to the demands of today's competitive academic environment. Students commit to consistent weekly work readings, practice exercises, and skill-building activities that gradually deepens their understanding across all key areas. This approach fosters genuine, long-term competency rather than last-minute cramming, laying a strong foundation for success in selective school and independent school scholarship exams. By actively engaging with the WEMT course, students will gain:

- **Exam Readiness:** Strengthen core skills in writing, reading, mathematical reasoning, and critical thinking to perform with confidence under exam conditions.
- **Effective Writing Techniques:** Learn to structure and craft persuasive, creative, and analytical writing with clarity and purpose.
- **Reading Comprehension Mastery:** Build proven strategies to interpret complex texts and respond accurately to a variety of question types.
- **Maths Simplified:** Develop a confident understanding of key concepts, formulas, and problem-solving techniques through clear and progressive practice.
- **Critical Thinking & Problem-Solving:** Sharpen analytical reasoning and lateral thinking through stimulating exercises that encourage independent and logical thought.

Selective Trial Test Course (STTC)

The Selective Trial Test Course (STTC) is specifically designed to give students an in-depth, immersive experience of the selective school exam before the real test day arrives. This course goes beyond surface-level preparation by diving deep into every aspect of the exam — familiarising students with the **computer-based** test format, timing, question structures, and real exam conditions they will encounter.

Through consistent weekly trial tests, students will tackle a wide variety of question types across all key subject areas, while developing powerful strategies that will set them up for success.

- ❖ **Practice Makes Perfect:** Regular, structured trial tests allow students to develop a strong familiarity with the exam format. By repeatedly engaging with exam-style questions under timed conditions, students reduce exam anxiety and sharpen their ability to perform consistently and accurately when it counts.
- ❖ **Detailed Feedback:** Students will have access to individual, detailed results through Cyberschool, allowing them to identify strengths, pinpoint areas for improvement, and track their progress over time. This data-driven approach ensures that every student's preparation is targeted and effective.
- ❖ **Writing Mastery:** Strong writing is a critical component of the selective school exam. Students will receive personalised, expert feedback on their written responses, helping them refine their structure, language, and ideas to produce compelling, high-scoring writing pieces.
- ❖ **Power Up Your Performance with Cyberschool:** Maximise your performance by taking full advantage of Cyberschool exclusive activities and resources, specifically curated to complement and support your STTC journey. From additional practice materials to targeted exercises, Cyberschool provides the extra edge students need to go into the exam feeling fully prepared and confident.

STTC Test Format:

To perfectly mirror the official selective school exam, all sessions utilise a **computer-based** testing format.

- **Device Care Policy:** Students are expected to handle all testing devices with care throughout the session. Please remind your child of this responsibility. Parents and guardians are responsible for any repair or replacement costs if a device is damaged due to careless handling or negligence.

Make-Up Test Policy:

If your child misses a scheduled class for any reason, they are welcome to complete a make-up test at our head office **within one week of the missed session**. Make-up sessions are self-paced and allow students to complete the weekly test without falling behind on content coverage. However, please note that teacher-led interactive test reviews are not available during make-up sessions.

Year 5 Writing for Selective (CBT)

Are you ready for the challenge of the Selective School Writing Test?

Success in this exam requires more than just good grammar—it demands the ability to think critically, argue logically, and adapt instantly under pressure.

Our new **Year 5 Writing for Selective (CBT)** course is specifically engineered to bridge the gap between good writing and exam excellence. We focus on the two foundational pillars of success: **Narrative** and **Persuasive** mastery.

Students learn essential writing skills through the most frequently tested formats, including news reports, diary entries, reviews, advertisements, and advice pieces.

Term 3 Roadmap

Each week targets a high-frequency writing form to build versatility:

Week 1: Story	Week 4: Explanation	Week 7: Advertisement	Week 10: Speech
Week 2: Diary Entry	Week 5: Advice Sheet	Week 8: Persuasive	Week 11: Discussion
Week 3: News Report	Week 6: Review	Week 9: Letter	

Our Secret Weapon: The "One Topic" Method

Unlike traditional courses that jump between random subjects, we use one central topic to explore all writing forms. This unique pedagogical approach offers distinct advantages:

- **Form Shapes Thinking:** Students learn that changing the format changes the mindset. A story captures emotion, while a news report demands clinical objectivity.
- **Cognitive Efficiency:** By keeping the topic constant, students don't waste energy "inventing" new ideas. Instead, they focus entirely on mastering the structure and tone required.
- **Separating Fact from Feeling:** We teach students how to isolate emotion, opinion, and evidence—ensuring they never accidentally include personal bias in an objective task.
- **Exam Agility:** Students train their brains to switch writing styles instantly—an essential skill for the CBT.
- **Why it works:** Because examiners reward strict adherence to form, this method makes correct structure second nature.

Thinking Skills for Selective

The "Thinking Skills for Selective" Course is specially designed to foster the development of problem-solving and critical thinking abilities, equipping our students with the necessary skills for success in their academic journey and ultimately, for the selective school placement test. With a comprehensive focus on preparing them for the thinking skills component, the course will cover a diverse array of essential topics.

Course Overview:

- The course aims to provide students with the tools and techniques to approach challenges with confidence and creativity.
- Through engaging activities and thought-provoking exercises, our dedicated teacher will guide the students on their path to becoming proficient critical thinkers.
- Students will learn effective problem-solving skills to tackle complex issues in various subjects.
- Students will be encouraged to analyse, evaluate, and draw reasoned conclusions from the information they encounter.
- As students develop their thinking skills, they will gain confidence in their abilities to excel academically.
- The course is open to Year 5 students who are aiming for the selective school placement and will cover essential topics to equip them with the necessary knowledge for the thinking skills test.
