Year 5 Term 3 course will commence on **Saturday, 16<sup>th</sup> July 2022.**

Term 3 courses are structured to accommodate the academic standards expected of students who are aiming for the selective high school placement and independent school scholarship. In addition to having the advantage of getting ahead. We will put more focus on improving their writing and thinking skills as well as comprehension and mathematical reasoning skills.

### Year 5 WEMT Course

Year 5 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for the 2023 selective school placement test.

The **writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

The course is delivered in two different ways:

1. **Standard WEMT** in a normal face-to-face class learning or live online lesson (via zoom, needs min. no of enrolled students)
2. **Cyber WEMT** using the Cyberschool video lessons in their home

### Selective Trial Test Course (STTC)

Term 3 STTC consists of 11 weekly trial test sessions (Test 12 – 17) and student will continue practicing many challenging exam-style questions under the exam conditions.

In case of any changes in the actual exam format, students will practise both computer-based test (CBT) and paper test format on a fortnightly basis. Upon confirmation of the test format from the NSW Department of Education, we will stick to the actual test format. Please refer to the Term 3 STTC exam format by test number below.

SINCE 1992
