Year 4 Term 3 course will commence on **Saturday, 16th July 2022.**

Term 3 courses are structured to accommodate the academic standards expected of students who are aiming for the Opportunity Class (OC) and selective high school placement. In addition to having the advantage of getting ahead. We will put more focus on improving their thinking skills and mathematical reasoning skills as well as reading and writing skills.

Year 4 WEMT Course

Year 4 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for OC and selective school placement test.

The **writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

The course is delivered in two different ways:

1. **Standard WEMT** in a normal face-to-face class learning or online live class (via zoom, needs min. no. of students enrolled)
2. **Cyber WEMT** **using the Cyberschool video lessons** in their home

OC Trial Test Course (OCTTC)

There will be TWO more OCTTC sessions (Tests 38 & 39) available for the last-minute practice before the actual OC Placement Test on Thursday, 28th July 2022.

The OCTTC consists of trial tests in reading, mathematical reasoning and thinking skills to assess their knowledge and performance under exam conditions. Students receive instructions on the best strategies for answering the exam style questions. The course will help students to manage their test time efficiently, minimise errors, overcome exam nerves and perform at their optimum level in the real exam.

SINCE 1992

What's On

June 11 – 17

Term Test Period

June 25, 5PM (Saturday)

Winter Holiday Early Bird discount offer ends
