Dear Year 5 (**Year 6 in 2023**) Parents,

The 2023 Term 1 will commence on **Saturday, 21<sup>st</sup> January**.

It will be the last term for Year 6 students to reinforce all required knowledge and skills before the selective high school placement tests on **4<sup>th</sup> May 2023**. Therefore, we highly recommend them to take both WEMT and STTC to consolidate their learning and revise their knowledge and skills until the exam day.

### Year 6 WEMT Course

Year 6 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for the 2023 selective school placement test.

The **writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

Students can choose one of the following WEMT course according to their needs or preferences:

**Standard WEMT (Face-to-face learning):** Face-to-face learning with teachers in class & access all Cyberschool services

**Cyber WEMT (Video lesson):** Self-paced learning from home using pre-recorded Cyberschool video lessons

### Selective Trial Test Course (STTC)

The 2023 Term 1 STTC consists of 11 weekly trial test sessions and student will continue practicing various challenging exam-style questions under the exam conditions. The course is unique in a way that it gives students a understanding of different exam question types and help them to build up self-confidence in the 2023 Selective High School Placement Test

**Term 1 STTC students will be able to access the following Cyberschool services:**

- 1+1 reading test questions for extra reading test practice during MR/TS test weeks,

## Year 6 Writing Course (Wednesday)

Year 6 Writing Course will support students' development of technical and creative writing skills.

The aim of our writing course is to target students' individual needs in writing, so they can become more confident, capable, and proficient writers.

This writing course will assist students with their individual performance in all written tasks at school as well as formalised tests including selective school and independent school scholarship exams.

The term 1 writing course will cover the key areas of writing skills including grammar, spelling and punctuation that pertain to specific text types required in the current curriculum. It will help students to develop their narrative and persuasive writing skills.
