Epping Branch: 11 Bridge St, Epping NSW 2121 PH: 9868 7888 / 0422 012 902

E-mail: [eppingpreuni@gmail.com](mailto:eppingpreuni@gmail.com) Website: <http://www.eppingpreuni.com>

Year 5 Term 2 course will commence on **Saturday, 23<sup>rd</sup> April 2022.**

Term 2 courses are structured to accommodate the academic standards expected of students who are aiming for the selective high school placement and independent school scholarship. In addition to having the advantage of getting ahead. We will put more focus on improving their writing and thinking skills as well as reading comprehension and mathematical reasoning skills.

Please check out the term 2 course timetable below.

### Year 5 WEMT Course

Year 5 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for the 2023 selective school placement test.

The **Writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles, and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

The course is delivered in two different ways:

1. **Standard WEMT** in a normal face-to-face class lesson (Sat, Tue, Thu) or
2. **Cyber WEMT** using the **Cyberschool video lessons** in their home

### Selective Trial Test Course (STTC)

Year 5 Selective Trial Test Course (STTC) is a comprehensive program designed to prepare them for the 2023 Selective High School Placement Test. The course consists of different types of questions and reflects the format, timing, and conditions of the actual exam.

Students will attempt the 'computer-based' trial tests each week and review the questions with teachers/tutors, putting more focus on difficult questions. They are expected to memorise the vocabulary list provided fortnightly for the next vocabulary test. Students' test results will be available on Cyberschool right after each session. English

teachers will mark students' writing test submissions and the reports will be

SINCE 1992
