Year 3 WEMT Course

To align and accommodate the changes in the new OC placement test formats, Year 3 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for their OC placement test next year.

The **Writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles, and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

The course is delivered in two different ways:

1. **Standard WEMT** in a normal face-to-face class lesson **Sat, Thu** or
2. **Cyber WEMT** using the Cyberschool video lessons in their home
